Fix the leaky pipeline!

A career-building program for women in science

Fix the leaky pipeline program

This career-building program, supported by the ETH-Domain, offers female PhD students, postdocs and young scientists the opportunity to reflect on their professional situations, develop a strategy for embarking or continuing on their career paths, receive further training, and extend their personal and scientific networks. The core elements of the project are: customized further education, work in peer groups, inter-institutional cooperation, and an interdisciplinary network. The aim is to support women in their scientific careers and in the process to fix the “leaky pipeline” of women in science.

Registration & Fees

Fee: In general, 100 CHF per day for members of the ETH-Domain. Doubled for participants coming from other universities. For EPFL members, the courses taking place at EPFL are covered by the Staff Training Center.

Registration deadline: 1 month before the course starts. Full refunds will be made before that date. After the deadline no reimbursement will be done, unless you provide a substitute.

Courses will take place if the minimum of participants is reached. Materials, lunch & snacks are included in the fee.

List of courses

Spring 2017 - Spring 2018

Courses modules of the career-building program “Fix the leaky pipeline!” for women scientists with PhD degree, PhD students and young scientists, working in the ETH-Domain
